Gurugram

Profile Summary

As a computer teacher with 2 years of experience, I am a passionate and dedicated professional who is committed to helping students of all ages and skill levels develop their knowledge and skills in computer science. I am deeply knowledgeable about a wide range of computer science topics, including programming languages, web development, Information technology, and more. I work hard to stay up-to-date with the latest trends and advancements in the field, and I use this knowledge to develop innovative and effective teaching methods that keep students engaged and excited about learning.
